

# Leatherstocking Collaborative Health Partners Training Workgroup

## **Training Work Group**

The role of the Training Work Group is to provide specific guidance and oversight in the creation of a PPS-wide training plan. Specifically, carrying-out the steps provided in the Workforce Implementation Plan by the specified due dates, including:

- 1) Identifying target state training needs
- 2) Determining PPS current training capacity
- 3) Developing a training strategy
- 4) Developing a training plan.

By getting representation throughout the entire PPS, and collaborating with other workforce leads throughout the state, the group can have access to a multitude of training programs.
